

Press release December 15th, 2020

Next year's programme for the 20th anniversary edition of DocPoint - Helsinki Documentary Film Festival will be released on the 11.1.2021!

After this year's record-breaking audience numbers, the next edition of DocPoint will be held on 29.1.-7.2.2021 whilst strictly adhering to Corona safety measures. The preparations for the anniversary edition of Finland's only film festival dedicated solely to documentary films is well on its way. The festival is being built as we speak - there are plans for a grand 20th anniversary festival, where films will be enjoyed in both cinemas, located in the heart of Helsinki, as well as online, from the comfort of your own home. In an amendment to previous dates, the programme in its entirety will be published a few days later on Monday 11.1.2021. Take a look at the programme released so far [here](#).
